Bruce had walked in at entirely the wrong time, considering the way Nicko and Tico were laughing and how red Jon's face was.

"I'm sorry, did I hear that right? A locket," Bruce said.

"Yep," Tico said.

"With a lock of Jon's...*chest* hair?"

That set them off again, howling and falling all over themselves. Jon looked like he wanted to vanish into the cushion.

"That's...well. That's something."

"I was just doing it to be stupid! It was a joke!"

Bruce shook his head. "One Hell of a joke, mate."

"Yeah, the chick didn't think it was funny, either."
